CAPS 3

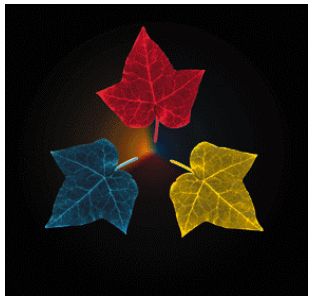
3 me Colloque International sur l'Apprentissage Personne-Syst me
3d International Conference on Human-System Learning

Les W.W.W. de l Apprentissage
Learning s W.W.W.

Web Based Learning, WAP Based Learning **&** Web Mining

December 12-14, 2000
Ministry of Research and Technology
Amphith tre R. Poincarr
1 rue Descartes — 75005 Paris, France

P R O G R A M



Supported by :

Minist re de l ducation Nationale, France
Minist re de la Recherche, France
GREYC — UMR 6072 CNRS, Universit de Caen, France

Sponsored by :

Association Francophone d Interaction Homme Machine, France
Association de Recherche Cognitive, France
Groupe de Recherche I3 — CNRS, France

Organised by :

Universit de Caen, France
Europia Productions, France

December 12th, 2000

8h30 — 10h00 : *Registration*

10h00 — 10h15 : ***Workshop opening***
Khaldoun ZREIK, University of Caen
CAPS 3 Chairman

10h15 — 11h00 : *Invited Speaker˚: Tutorial*

Mobil Internet˚: Introduction to Wireless Protocols
Jacques MADELAINE
GREYC, University of Caen, France

Coffee Break

11h30 — 12h00 : **Discovering browsing paths on the web**
Bruno CREMILLEUX, Mauro GAIO, Jacques MADELAINE, Khaldoun ZREIK
GREYC, University of Caen, France

12h00 — 14h00˚: Free time for lunch

14h00 — 15h00 : *Experiences and Projects Panel I*

The LIUM laboratory TeleTeaching project
Pierre TCHOUNIKINE
LIUM, University of Maine, France

Learner models and learner environments in web-based learning
John ROSBOTTOM
Department of Information Systems, University of Portsmouth, UK

Coffee Break

15h30 — 16h30 : **Organisation studies directed learning module**
(taught with web assisted materials within the Clyde Virtual University)
Robert SCOTT
Division of Management, Glasgow Caledonian University, UK

Emersion: exploration of a new paradigm for Web-based training
Christine VANOIRBEEK, Denis GILLET
Swiss Federal Institute of Technology, Computer Science Dpt, MEDIA Research Group, Lauzanne, Switzerland

Learner experiences of web-based learning
Discussions animated by John ROSBOTTOM

December 13th, 2000

9h — 9h30 : *Conference Opening*

9h30 — 10h30 : *Invited Speaker˚: Conference*

Unsupervized machine learning from the WWW logs: a case study on association rule mining
Jean-Fran ois BOULICAUT
INSA Lyon, France

Coffee Break

11h00 — 12h00 : *Session I*

Automatic searching of WWW texts using conceptual dependency
David CALLEAR and Victor SOH
Department Information Science, University of Portsmouth, UK

HyWebMap, a system to create interactive networks
Imad SALEH, Nasserddine BOUHA , Fabrice PAPY
Equipe Hypertexte dynamique, University of Paris 8, France

12h00 — 14h00˚: Free time for lunch

14h00 — 15h30 : *Session II*

Free-text assessment in a virtual campus
Philippe DESSUS, Beno t LEMAIRE, Ang lique VERNIER
Lab. des Sciences de l ducation, University Pierre Mend s-France, France

Integrating natural language processing techniques and graph analysis for information retrieval on the Internet
Francisco CARRERO, Abraham CARRERO, Ana MOLLEDA
Escuela Superior de Informatica, Universidad Europea-CEES, Spain
Pablo GERVAS, Departamento de Sistemas Informaticos y Programacion, Facultad de Informatica, Universidad Complutense de Madrid, Spain
Beatriz SAN MIGUEL, Departamento de Inteligencia Artificial, Universidad Europea-CEES, Spain

Incomplete learning and pricing on the Internet
Beno t LELOUP, Laurent DEVEAUX
GRID, Ecole Normale Sup rieure, Cachan, France

Coffee Break

16h00 — 17h00 : *Experiences and Projects Panel II*

Students and faculty perception of the process and practice of problem based learning (PBL): the Rouen experience
Bachira TOMEH, S. Anani
Laboratoire CIVIIC, UFR de Psychologie, University of Rouen, France
J. WEBER, Facult de M decine, University of Rouen, France
H. HAMDY, Facult du Golf, Bahrein

Multidisciplinary education and information technology
Leandro MADRAZO
Escola Tecnica i Superior d Arquitectura La Salle, Barcelona, Spain

December 14th, 2000

9h — 10h : *Invited Speaker˚: Conference*

Knowledge extraction from text, a machine learning approach
Claire NEDELLEC
LRI, University of Paris Sud, France

Coffee Break

10h30 — 12h00 : *Session III*

Implementing alternative learning technology — lessons from organisational theory
Robert SCOTT, Lorraine McKECHNIE
Division of Management, Glasgow Caledonian University, UK

Separating the chaff from the wheat: creating evaluation standards for web-based language training resources
Lars BORIN, Department of Linguistics, Uppsala University, Sweden
Sara GUSTAVSSON, Division of IT Services, Mid Sweden University, Sweden

Using knowledge and know-how to discriminate between presence and distant teaching
Violaine PRINCE, LIRMM CNRS, Montpellier, France
Christophe LECERF, IED & LRIA, University of Paris 8, France

12h00 — 14h00˚: Free time for lunch

14h00 — 15h00 : *Session IV*

Learning sequence controlled by learners and educators, within a CBI system
Manuela PEREZ, Jun H. JO
School of Information Technology, Griffith University, Australia

Metric on decision trees and optimal partition problem
Mounir ASSERAF
ESIEA Ouest

Coffee Break

15h30 — 16h15 : *Invited Speaker : Conference*

Towards Universal DBMS with XML
Georges GARDARIN
PRISM, University of Versailles, France

16h30 : CONFERENCE CLOSURE

VENUE
Plan d'accès

Minist re de la Recherche - Ministry of Research
CAPS 3
1 rue Descartes — 75005 Paris, France
